

Coupon

Application

Corrosion Technology Services stock and supply a range of coupons for either new build or retrofitting to existing metallic structures. We manufacture coupons for UK and overseas applications, and we have the capacity to manufacture to a clients' specification on request.

Availability

Our current stock has been manufactured to standard pipeline specifications.

DC Saddle Coupons

These are available in 1cm², 10cm², and 25cm² and come complete with the required fixings and fittings for installation.

DC Flat Coupons

These are available in 1cm², 10cm², and 25cm² and come complete with the required cable for installation.

AC Coupons

These are available in 1cm², suitable for use with Abriox remote monitoring.
